Handcrafted Display Cases

Handcrafted in the U.S.A. since 1889.

Why Waddell?

For more than a century craftsmen have been carefully constructing Waddell Display Cases in the time-honored tradition of Waddell quality. These skilled artisans use only the finest materials to manufacture a wide variety of display cases with the quality of fine furniture. Our craftsmen combine today's technology and designs with yesterday's personal commitment to constructing the finest U.S.A. made cases available.

Thousands of Waddell cases from free-standing and wall-mounted pieces in hardwoods to metal finishes have been selected by schools, businesses, and institutions to promote enduring pride and enthusiasm for their most valued accomplishments. The Waddell brand of display cases has been part of the Ghent Manufacturing family of brands since 1986 and continues to be made in the Waddell tradition of American craftsmanship.

The difference between a Waddell showcase and others is in the details. This distinctive level of quality can be touched and seen in the solid, well-constructed fit and finish of every Waddell case. Tempered glass exteriors, adjustable shelves, and built-in floor levelers are among the extraordinary traits found in a typical Waddell case.

When you select a product from the Waddell collection, you can be confident that you are investing in the best combination of style, durability, and value available in a showcase for prized trophies and treasured symbols of success. When you select the strength, durability, beauty, and tradition of Waddell, your accomplishments will be elegantly displayed and your legends will live on for many years to come.

We invite you to view the many styles of traditional and contemporary Waddell cases shown in this collection. Quotations for customized products are also available.
